**Step 1:** Position fabric over back and set shoulders in place. Pull slip cover down to wrap underneath the base of the furniture.

**Step 2:** Recline backrest slightly and raise footrest for all steps. Locate labels on the inside seam of the cover market Top of Arm. Position arms using labels as your guide. Tug and stretch to pull under bottom to hold securely. Place handle opening over handle, set darts at bottom of inside arm

**Step 3:** Smooth fabric toward seat, tuck into sides and back.

**Step 4:** Position front pleats of footrest onto front corners of footrest.

**Step 5:** Tie elastic loops beneath the footrest to maintain the position of the footrest and arms.

**Step 6:** Carefully pull seat elastic loops through the back of the recliner where it can be attached to any hardware. All Done!
